FINAL REJECTION

Response to Arguments

Applicant's arguments with respect to claims 1, 2 and 4-6 have been considered but are moot in view of the new ground(s) of rejection.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1, 2 and 4-6 are rejected under 35 U.S.C. 102(b) as being anticipated by Höök et al. (US 6,413,931).

With respect to claims 1, 2, 6/1 and 6/2, Höök et al. discloses a method for producing a biological platform (prosthesis) containing a pharmacologically active coating, said method comprising applying to at least a portion of a surface of a biological platform an inhibitor of synthesis of an extracellular matrix, of cell proliferation and migration, and of inflammation, to produce said biological platform containing a pharmacologically active coating, wherein the inhibitor is decorin (col. 4, lines 20-24; col. 7, line 41 – col. 8, line 7).

With respect to claims 4 and 5, Höök et al. discloses an endoluminal prosthesis (stent) comprising a surface coating of a therapeutically effective quantity of decorin and/or of a peptide fragment of decorin, or a chemically modified derivative of decorin and/or of a fragment of decorin (col. 4, lines 20-24; col. 7, line 41 – col. 8, line 7).

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
